

## OVERVIEW

In English we offer an inclusive curriculum that provides the opportunity to encounter a wide range of texts written by diverse voices. It aims to engage and inspire students to develop a love of literature and master the written and oral skills required for life.

In Year 10 students begin their GCSE courses. In English Language they learn how to produce fictional and transactional writing and analyse writers' use of language and structure to both entertain and persuade the reader. In Literature they learn how to analyse a text and understand writers' ideas about the human condition.
