

Curriculum Intent	In Salford City Academy, we aim to promote languages and believe that learning a foreign language is a liberation from insularity and provides an opening to other cultures. A high-quality languages education should stimulate students' curiosity and deepen their understanding of the world. In Salford City Academy, we enhance this with extracurricular language and film clubs and opportunities for overseas visits.
KS3 Curriculum	IN KS3 students learn functional language and develop competency in all four skills (Listening, speaking, reading and writing). They learn how to give opinions across a range of topics and talk about past events and future plans.
KS4 Curriculum	We follow the AQA curriculum which enhance with Kerboodle and Active Learn to ensure all relevant language and skills are covered.
