

Pupil Premium Strategy and Impact Statement Academic Year 2017-18

1. Summary information										
School	Salford City	ord City Academy								
Academic Year	2017/18	Total PP budget £301, 798 Date of most recent PP Review								
Total number of students	614	Number of students eligible for PP	335	Date for next internal review of this strategy	February 2018					

Current attainment		
	Pupils eligible for PP (Salford City Academy)	Pupils not eligible for PP (national average)
% achieving 5 Standard Passes (including English & Maths)	40.4%	58.5%
% achieving 5 Strong Passes (including English & Maths)	12.3%	39.1%
Progress 8 score average (from 2016/17)	-0.280	0
Attainment 8 score average (from 2016/17)	3.78	4.42

1. Ba	rriers to future attainment (for students eligible for PP including high ability)
In-scho	ool barriers (issues to be addressed in school, such as poor literacy skills)
A.	Literacy skills across KS3 are lower for pupils eligible for PP than for other pupils, which prevents them from making good progress in their respective year groups.
В.	High attaining pupils who are eligible for PP are making less progress than other high attaining pupils across Key Stage 3. This prevents sustained high achievement through KS4.
C.	Behavioural issues at KS3 of those eligible for PP are having detrimental effect on their academic progress and that of their peers.
D.	Attendance rates for pupils eligible for PP are 92.9% (below the Academy target for all pupils of 95%, and Non PP figure at 95.3%). This reduces their school hours and causes them to fall behind. The gap is significant, particularly in Year 8 (PP 90% Non PP 96%).

	Desired outcomes	Success criteria
A.	High levels of progress in literacy for KS3 pupils eligible for PP.	Pupils eligible for PP in Year 7, 8 and 9 make more progress in their RA/ SA by the end of the year than 'other' pupils so that at least 50% exceed targets and 100% meet expected targets. Other pupils still make at least the expected progress.
		This will be evidenced using reading and spelling test scores, accelerated reader assessments and English reading assessments in October, March and June.
В.	Improved rates of progress across KS3 for high attaining pupils eligible for PP.	Pupils eligible for PP identified as high attaining from KS2 levels / raw scores make as much progress as 'other' pupils identified as high attaining across Key Stage 3. Where they are not, departments are putting in place wave 1 interventions, monitored by subject leaders and senior team. This will be evidenced through Step Up Assessments (English & Maths) and
	Debasis and issues of identified DD VC2 and is addressed	pupil Age Related Expecations.
C.	Behavioural issues of identified PP KS3 pupils addressed.	Incidents of exclusion for PP students are close to National Expectations.
		Incident of exclusions for PP students has reduced between PP and Non PP students.
		Incidents of repeat exclusions of PP students are close to National Expectations.
		Fewer behaviour incidents recorded for these pupils on the school system: incidents resulting in IE/ FTE.
D.	Increased attendance rates for students eligible for PP across both Key Stages and to be in line with National Expectations.	PA for students eligible for PP reduces closer to National Expectations.
		Patterns of attendance for PP students in each Year Group show a narrowing gap.

Pupil Premium Impact Statement

Academic Year 2017-18

Barrier	Intended Impact:	Action	Expenditure	Monitored by:	Impact Effectiveness Feb 2018	Impact Effectiveness June 2018	REVIEW September 2018	Actions Underway
A	Improved KS3 literacy progress	Provide staff CPD on self-regulated writing for relevant teachers.	£5470	LDA JDA KHA	Suitable UK based course could not be sourced. Amended action/approach: Implementation of oral language interventions to emphasise the importance of spoken language and verbal interaction in the classroom.	Plan now underway to explicitly extend pupils' spoken vocabulary through guided oral reading instruction fluent reading of a text is modelled by an adult or peer and pupils then read the same text aloud with appropriate feedback; and the use of structured questioning to develop reading comprehension. Learning Walks, led in the main by SLT, identified that effective questioning and AfL were areas that still required development in ensuring the	In response to findings from the learning walks, all staff attended INSET training with Christine Kennedy (UL Advisor) on Effective Questioning and AfL. Further to this, work scrutiny was completed by SLT looking at paired examples of work across Years 7-11 for PP/ non PP students. See attached departmental scrutiny forms and actions. From the evidence, it has become apparent that these approaches are not yet embedded. However, there are clear pockets of good practice. In particular, RWI in Business Studies and SHU in Geography. These members of staff have shared good	The Academy are now involved in the oracy project, 'Finding Your Voice'. This is an innovative verbal communications programme. Year 8 will be the initial target group launching Autumn 2 2018, with the intention to roll this out to whole staff and other year groups.

С	Exclusion rates for Pupil Premium students to reduce to the same level as non-Pupil Premium students and to be in line with National expectations.	Internal Inclusion Panel to be implemented to create actions for individual PP students at risk of FTE/MM/PEX.		CLE Governors HoYs	Internal Panel in place having impact on FTEs in general, both non PP and PP Students FTEs are reducing.	18 key PP students have met governors. Actions for each student agreed with parents and underway.	Seven key PP students assigned external AP placements to begin September 2018. This is expected to further reduce the FTEs/ IE sanctions for PP students. This will be evidenced in data available Autumn 1 2018.	Internal Inclusion Panel will continue into this academic year. Continued support offered through the Link- new initiatives planned from September 2018 include weekly small group sessions delivered by our school counsellor and literacy and numeracy catch up provided by HLTAs.
D	Increased attendance rates for students eligible for PP across both Key Stages and to be in line with National Expectations.	PP Students identified as PA to have raft of strategies to encourage attendance – Home Visits/ARC/routes to prosecution	£55.500	KEA LMA HoYs	Attendance officer employed to monitor pupils and follow up quickly on truancies. First day response provision. Thorough briefing of attendance officer about existing absence issues. Same day calls made about progress for targeted students. Reduced timetable integration	PP attendance/PA have improved in line with development planning. Rewards scheme now in place to encourage attendance. Improved attendance recognised by HoYs through bronze, silver & gold award badges.	There has been a 1% increase in attendance figures for PP students since September 2017. This currently stands at 92.3% (just above National Standard of 92.2%.) It was pleasing to note that Year 8 PP students (who we had identified as a significant concern) had made a 2.02% increase in attendance from September. End of Year percentages for PP students: Y7- 94.17% Y8- 92.02%	Continued bespoke interventions for identified cohort of PP persistent absentees. Collaborative work to continue between SLT, attendance office, SENCO/ PP lead, EWO and other external professionals including EPS-further EHCP applications anticipated.
