

05th June 20

Welcome Back!

Well done to all Year 10 students who attended their live lessons last week. The number of students attending is continuing to increase and this is excellent. Students that are not attending will be contacted to make sure that they start to attend. It is really important that everyone takes part in the live lessons.

Also, well done to students in all year groups who are completing all of their work regularly. We have been dropping off rewards to students this week! More rewards will be available next week so complete all your work to be in with a chance of winning a delivery!

From next week, live lessons will now take place in more subjects. You will be emailed a plan for lessons over the next few weeks, so check your emails! Your teachers will let you know when your live lessons are by setting reminders on ClassCharts and MS TEAMS. They will also send you an email reminder and instructions. You just need to be logged into your TEAMS ready for the lesson – it's really easy!

Lessons will take place on the following days/times. Option subjects will depend on the subjects you have chosen.

Monday	Tuesday	Wednesday	Thursday	Friday
English 1:00pm	Maths 1:00pm	Triple Science 11:00am Science 1:00pm	Option subjects - 11:00am : Childcare or Technology or Food or Photog- raphy - 1:00pm : IT or Business or Dra- ma	Option subjects - 11:00am : Spanish or Art - 1:00pm : Geography or History

All Year Groups

Live lessons will also take places for years 7, 8 and 9. The details and timetable for this will be provided in the newsletter next week

All students should make sure that you have read the Distance Learning policy. It was sent out with the newsletter before half term and it will also be sent in an email. You will need to sign the online form in the email to show you have read it. [Link Here](#)

Year 9 GCSE Work

You will now have seen the assembly and your options now have started. You will only follow the courses you have chosen. E.g. If you have chosen History and not Geography, you will only do the History work. If you have any questions please email Mrs Barker, Mrs Devonport or Mrs Halsall.

Exercise Books

We know lots of you have finished your exercise books provided to you before the school closed. Well done for working so hard. All of you should be accessing Microsoft teams now and should be able to submit your work on a word or PowerPoint document. For those of you who would prefer another exercise book then you can email the school and request an appointment to collect exercise books from the main reception. Email the enquiries@salfordcity-academy.org web address.

Weekly Checklist

Weekly Checklist to be found in TEAMS - Student Resources- General- Weekly Home Checklists.

Home Learning Paper Packs

This week the Summer 2 paper learning packs have been sent to all students with known IT concerns. The packs have either been hand delivered or will arrive in the post. They are designed to follow the same curriculum as the online work. If we do not already know that you require a paper learning pack, please contact your tutor.

Summer Holiday learning packs are currently being designed to ensure that you all will be supported during the summer holiday. We will send further details out soon.

Student Superstars

The following shout outs are for students whom have been nominated from their class teachers for outstanding commitment to their home learning. Well done to everyone!! We will update this each week so look out for your name!!

Year 7	Year 8	Year 9	Year 10
Bradley Barlow	Justin Bartolo	Harry Duffy-Kay	Amjad Abdulmughni
Liv McDonald	George Brockis	Sam Seddon	Connor Wilson
Khoi Nguyen	Junior Canderland	Billie-Mai Farish-Ratcliffe	Jake Perry
Ellie Churchill	Amall Rajesh	Hannah Ryan-Jones	
	Lewis Jones	Charley Webb

Careers My Week of Work 8th-12th June

What is the programme about? June is traditionally the time of year when many pupils across the country would take part in work experience. Whilst we know that is impossible to create a national week of work experience, a programme of activities which link to the workplace has been developed to support you and your learners during the week commencing 8th June 2020.

'My Week of Work' comprises of 20 lessons available via Oak National Academy (from 8.6.20). The lessons have been written by staff from Academies Education Trust (AET) with support from colleagues from The Careers and Enterprise Company. The lessons will support pupils to gain insight into the world of work through employer videos and resources There will be also be tasks set for pupils to complete each day to develop and showcase employability skills. The lessons will continue to be available after w/c 8 June 2020 via Oak National academy website <https://www.thenational.academy/>

Here is a quick overview of the week:

Monday	Tuesday	Wednesday	Thursday	Friday
Introduction	Meet the Team: Human Resources	Meet the Team: Marketing	Recruitment	Meet the Boss: Leadership
Investigate the Sectors (1)	Work Life Balance	Innovation and Creative Thinking	HR Recruitment	CV Creation
Investigate the Sectors (2)	Mental Health and Well Being in the World of Work	Marketing Campaigns	Understanding Entrepreneurship	Employability Skills in Everyday Life
Insight into the World of Work	Work Skills and Reflection	You as a Brand!	Project Planning	Reflection of the week

From Tuesday to Friday, Learn Live will be running live broadcasts with employers – see page 29 for details.

Pupils can register for the Learn Live sessions here <https://learnliveuk.com/my-week-of-work/>

Follow this link to view even more ideas for how to get involved with education with character @home.

LIQUID DENSITIES

SCIENCE CHALLENGE 05

Designed by Ben,
Design engineer at Dyson

The brief

Layer different liquids in a tube and discover how and why they settle in a certain order.

The method

1. Start by adding food colouring to the surgical spirit and to the water – using a different shade for each. This will allow you to identify each liquid.
2. Measure out equal quantities of each liquid. Add them to the tube, one by one.

Top tip

Try weighing each liquid before you add it and predict which order the liquids will settle in. The layers may be a little mixed at first. Allow them to settle for a moment and watch the layers start to define.

Materials

- A test tube
- Honey
- Oil
- Surgical spirit
- Water
- Washing up liquid
- Two shades of food colouring

How does it work?

Different liquids have different densities and therefore, different weights. The heaviest liquids will sink, the lighter liquids will rise to the top. Density is a comparison between an object's mass and volume. Remember the equation:

$$\text{DENSITY} = \frac{\text{MASS}}{\text{VOLUME}}$$

Based on this, if the weight – or mass – of something increases but the volume stays the same, the density has to go up. Lighter liquids, like water, are less dense than heavy liquids, like honey, and so float on top of the more dense layers.

Technology

Digital Explorers Programme

If you are interested in Digital Tech this is for you! Between June 29th – July 3rd, Digital Explorers will run *online* as a daily event, with interactive sessions and a discussion panel with a range of tech sector professionals.

Students will graduate as Challenger level Industrial Cadets. With two different programmes for KS3 and KS4/KS5, it is a fantastic offering for students to explore the digital tech industry.

When: Monday 29th June—Friday 3rd July 2020 or available online to complete at a students individual pace.

PE Challenges

How many Jump squats can you do in a minute?

Have you got a hidden talent you would like to share? Send a short video of you performing your talent to:

Hayley.Butson@salfordcity-academy.org

Prizes will be awarded for the best talents. Remember: You've got to be in it to win it! Check out the link for some inspiration: <https://www.youtube.com/watch?v=Eq3zFT2cISs>

Cost: Free

Where: Online

Who: There are two different pathways for students—one for KS3 and one for KS4.

What Next: Let Mr Owen know if you wish to attend by Friday 12th June
