

26th June 20

Blended Learning in Action!

This week has been excellent! It has been good to see Y10 back in the academy and working hard. It has also been good to see more students engaging with their live lessons. Year 7 and Year 8 students started live lessons this week and have done really well in these sessions.

Details of forthcoming 1:1 meeting:

We are excited to welcome back all Key Stage Three students for a one:one meeting before the summer break. These meetings where possible will take place with each student's tutor or key worker. During the meeting we will review student's well-being, learning from home experiences and provide a summer learning package to prepare them for the Autumn term. Letters will be sent out over the weekend and early next week to confirm your appointment. It is really important you attend.

Dates as follows:

Monday 6th and 13th July = Year 7

Tuesday 7th and 14th July = Year 8

Wednesday 8th and 15th July = Year 9

Live Lessons

Some live lessons will just be for your individual class. For these lessons you will just need to be logged into TEAMS and in your class area. ***E.g. If it is an English lesson you should open your English Team***

Some other live lessons will be for several classes combined. For these lessons you will receive a link to join the lesson from the teacher. ***E.g. Mr Rashud delivering a Yr8 Geography lesson to 3 classes***

Your teacher will let you know which type of lesson it is when they email you.

Lessons will take place on the following days/times. Don't forget the PE and DEAR sessions in the afternoon

Live Lesson Timetable - Week commencing 29.6.20

Day and Subject	Monday	Tuesday	Wednesday	Thursday	Friday
AM (11:00 am)	Y10 Drama Y9 English Y7 Maths	Y10 Further Maths Y9 Maths Y7 Science	Y10 Triple Science Y9 Science Y7 English	Y10 Childcare or Y10 Technology or Y10 Food Y8 Spanish	Y10 Spanish or Y10 Art or Media Y8 Geography
PM (1:00pm)	Y10 English	Y10 Maths	Y10 Science Y8 History	Y10 Computer Science or Y10 Business Y9 Geography or History	Y10 Geography or Y10 History or Y10 Photography Y9 French
PM (3:00pm)		Y9 PE	Y10 PE		

Live Lesson Timetable - Week commencing 6.7.20

Day and Subject	Monday	Tuesday	Wednesday	Thursday	Friday
AM (11:00 am)	Y10 Drama Y10 Spanish Y9 English Y8 Maths	Y10 Further Maths Y9 Maths Y8 Science	Y10 Triple Science Y9 Science Y8 English	Y10 Childcare or Y10 Technology or Y10 Food Y7 Spanish	Y10 Art or Media Y7 Geography
PM (1:00pm)	Y10 English	Y10 Maths	Y10 Science Y7 History	Y10 Computer Science or Y10 Business Y9 Geography or History	Y10 Geography or Y10 History or Y10 Photography Y9 French
PM (2:00pm)			Y7 & 8 Live DEAR		
PM (3:00pm)		Y9 PE	Y10 PE	Y9 & 10 Live DEAR	

For KS3 students, please note that we are developing the system for setting work. Currently work for Years 7, 8 and 9 is set on a Monday and due on a Monday. From Mon 29th June work will be set and due to correspond to the lesson timetable. We have made this change to help you manage your work and to support the effectiveness of live lessons.

Weekly Checklist

Weekly Checklist to be found in TEAMS - Student Resources- General- Weekly Home Checklists.

Student Superstars

The following shout outs are for students who have been nominated from their class teachers for outstanding commitment to their home learning. Well done to everyone!! We will update this each week so look out for your name!!

Year 7	Year 8	Year 9	Year 10
Josh Smedley	Reyam Abdulmughni	Raouf Rezzouk Reem Kassim	Cameron Monaghan Connor Wilson
Karla Gallo Novoa	Lewis Dudson	Tobi Aibinu Angel Cooper	Favour Obboh Momoh Emily Holt
Grace Laidlaw		Daniel Akingba Imogen Kuffour	Jasmina Hemei
Carly Cleary		Dominic Lowman Kieran Shevlin	Kyle Nichols
Mason Brockis		Evie Welsh Sam Seddon	Max Rigby
Bradley Barlow		Lucy Phillips	Kyle Barlow
Amanat Brar		Charley Webb	Ami Parr
Dhakshaa Janahiraman		Musab Abusaid	Jake Perry

Race to the Summer Break has Launched - Sign up now!

We have been so please with the response from staff and students for our race to the summer break challenge. Staff have been working so hard, running, walking and cycling and so far we have reached Poland and we have raised £430 just in the first 4 days.

We thank everyone for the continued support and would to see more students and families getting involved. Just email Mrs Breen what you have done and how many miles you have walked, run or cycled.

We would love to raise more money which will be used for rewards for students in the Autumn term. https://www.justgiving.com/crowdfunding/salfordcity-academy?utm_term=zxdkWZ598

Team Science

NON-NEWTONIAN FLUID

SCIENCE CHALLENGE **08**

Designed by Rory,
Design engineer at Dyson

The brief

Create a liquid that turns into a solid when tapped.

The method

1. Add the corn starch to the bowl.
2. Add water slowly to the mixture, stirring in one tablespoon at a time, until all of the powder is wet.
3. Continue to add water until the corn starch acts like a liquid when you stir it slowly – but when you tap it with your finger it becomes hard.
4. Scoop the mixture into your hand and slowly work it into a ball.
5. As long as you keep pressure on it by rubbing it between your hands, it stays solid. Stop rubbing, and it melts into a puddle in your palm.

Materials

60g corn starch

60ml water

A spoon

A bowl for mixing

Design icons

Sir Isaac Newton described how 'normal' liquids or fluids behave. He observed that their viscosity only changes with variations in temperature or pressure. In non-Newtonian fluids their viscosity also depends on the force applied to the liquid.

How does it work?

When you mix cornflour with water, the large cornflour particles remain suspended in the liquid. When you stir the mixture slowly it acts like a liquid because the suspended particles have time to move past each other. When you put sudden stress on the mixture, the water quickly flows out of the area but the particles do not have enough time to move out of the way – making the mixture act like a solid.
