

OVERVIEW

In Year 9, students consolidate language and structures that they have learnt in Year 7 and 8 and develop their knowledge of more complex grammatical structures.

We envisage that by the end of Year 9, students in the academy are operating as learners with some degree of independence and have acquired an excellent foundation of the 3 pillars of Spanish: grammar, vocabulary and phonics. We envisage that upon finishing their KS3 language learning journey, students will be knowledge rich, have a love of languages and be well prepared to access the KS4 curriculum, if this is their chosen pathway.
