

OVERVIEW

The curriculum at KS4 continues to develop students understanding of the wider world, encouraging them to be considerate and well-informed citizens who participate fully in society. We follow the Edexcel Citizenship specification and cover 5 key themes across the two years. Y10 students will begin the GCSE Citizenship course by studying theme A 'living together in the UK'. This topic focusses on Britain and what it is like to live in Britain in modern society, including the journey taken to get to modern day Britain. In term 2, students then begin to study their second module, 'democracy at work'. This topic relates specifically to the structure and role of the government and parliament and embeds the theme of democracy throughout. Finally, in term 3 of Y10, students will have the opportunity to work collaboratively to plan, research and deliver an action campaign, which raises awareness and provides solutions to current issues facing young adults in Greater Manchester.
