

## OVERVIEW

Students will explore the 4-assessment objectives; AO1 – Research, AO2 - Media and Experiments, AO3 - Recording, AO4 - Personal Response, through the themes of 'Out of the Ordinary' – which will look at how to manipulate images to create distorted imagery and 'Structures' – looking at the lines, shape and angles of different types of structures. Pupils will then research and work in the style of a range of artists, using a variety of media and digital and physical editing techniques. Once students have explored a range of artists, they will then create their own outcomes. Students will then develop ideas, combining 2 or more artist practices to create a meaningful response to the theme.

## Autumn &amp; Spring
