

Masters of Knowledge

Every Thursday | 3:00pm - 4:00pm | All Year 7 Students

Masters of Knowledge is our exciting Year 7 programme designed to help students become confident, independent learners.

We know that many students are expected to complete homework and revise effectively without being taught how. That's why we've created a dedicated weekly session to bridge the gap and build these essential skills from the very start of secondary school.

- **Homework support from Teachers and specialist HLTAs**
- **Learn and practice a range of revision techniques**
- **Support with IT and technical issues**
- **Refreshments provided**
- **Relaxed atmosphere**

Masters of Knowledge gives students the tools, confidence and habits they need to succeed both now and in the future.

This Term's Masters of Knowledge Programme:

Students will have the opportunity to develop essential learning skills through a range of engaging sessions, including:

Revision Skills Workshops – Explore and practise effective techniques such as mind mapping, retrieval practice (read, cover, write, check), and creating powerful revision cue cards.

Problem-Solving Challenges – Develop critical thinking, resilience and teamwork through a variety of exciting challenges and activities.

My First Lecture Theatre Experience – Experience university-style learning and discover what higher education can look like.

Supported Homework Time – Complete homework with expert guidance from teachers and specialist HLTAs, helping students build confidence and independence.

Designed to help every Year 7 student learn smarter, study better and become a confident independent learner.

Learn smarter. Build Confidence. Become a Master of Knowledge.
