

Engineering Technical Award

**Year
9**

Options
Evening

Theory – properties
of materials, tools
and machinery

Key

 End of Module Assessment

 Mock Exam

Practical –
Toolbox Sheet
Metal

Practical – Drawing
tools, drill angle
gauge, CAD CAM

Practical – engineers'
vice, centre punch. Lathe
focus.

Theory – processing skills. Science and
Maths in engineering

Theory – Engineering
sectors and H&S.

Practical – screwdriver,
spirit level, CAD, CAM

**Year
11**

Theory – production
planning techniques.

Nea – Brief released
October
